Interfaith Ash Wednesday Prayers for Repentance in this time of War

"Pax Christi USA mourns the failure of U.S. policy and unequivocally condemns the illegal and immoral war on Iraq. No nation, regardless of its power or privilege, has the right to disregard the United Nations' charter. The policy of "preemptive war" has been condemned by the Vatican, rejected by the United Nations Security Council ... Pax Christi USA rejects war, preparations for war, and every form of violence and domination...Pax Christi USA deeply believes that the best way to truly support our troops is to bring them home rather than place them in the physical and moral jeopardy...." 3/21/03
